How do I report fly-tipping?

If you see someone fly-tipping or would like to report an area where fly-tipping has taken place, you should make a note of the following.

- The date, time and place of the occurrence
- What the waste looks like and how much there is

- A description of any vehicles involved, including the vehicles registration numbers
- A description of any persons involved in the offence

Contact your local Council to clear fly-tipped rubbish on publicly owned land, including roads and lay-bys.

Changes to West Sussex Household Waste Recycling Sites (HWRs) Starting 1st October 2016

Increased demand for essential services, coupled with reduced government funding, means we need to reduce our spending in other areas. Changes at West Sussex Household Waste Recycling Sites (HWRs) will help us make critical savings while still maintaining a comprehensive service for residents.

The changes were decided after considering responses to the public consultation from residents and comments from

Parish Councils and District and Borough Councils. You will find full details of all the changes taking place at the website below.

www.recycleforwestsussex.org/changes

If you need this information in another format then please email wastes.servicescontracts@westsussex.gov.uk or telephone 01243 642106

The changes were decided after considering responses to the public consultation from residents and comments from Parish Councils and District and Borough Councils.

As a result, the opening hours will be changed at all Household Waste Recycling Sites (HWRs) and some will close for two days a week - all remain open at weekends. There will be a nearby HWRs open on the days that each site is closed. All Mobile HWRs in the Chichester District will

close except for Selsey and The Witterings (which will each operate on a fortnightly basis). There will also be charges introduced for the disposal of non-household waste as detailed in this leaflet. To support your local council there will be increased enforcement measures to tackle fly-tipping.

You will find full details of all the changes taking place at Household Waste Recycling Sites at www.recycleforwestsussex.org/changes

WHAT IS CHANGING?

Opening hours

From 1st October 2016 opening hours for all 11 HWRs will be:

- 10am to 5pm from 1st October to 31st March (Winter)
- 10am to 7pm from 1st April to 30th September (Summer)

Opening days

8 out of the 11 HWRs will close two consecutive days a week from 1st October 2016. All the HWRs will be open weekends. There will be no change to opening days at Crawley, Burgess Hill and Westhampnett, which are required to operate Waste Transfer Stations for kerbside collection services and will therefore remain open 7 days a week.

THE INTRODUCTION OF CHARGING

What type of waste will I be charged for?

- Tyres from cars, vans, motorcycles (commercial type tyres will not be accepted, for example, LGV)
- Waste from construction, alteration or repair of your home and garden such as plasterboard, breeze blocks, bricks, rubble, soil*, stones, turf*, ceramic bathroom fittings, tiles.

*Grass cuttings and gardening wastes remain free-of-charge.

For a limited period, one free rubble bag will be available upon request for each resident at Household Waste Recycling Sites.

The disposal of all other household waste and recycling materials will remain free of charge for local residents.

How can I pay?

Payment can only be made by Visa or Mastercard debit and credit cards. Cash and cheques cannot be accepted. Payment will need to be made before you are given access to the chargeable containers.

A detailed list of chargeable non-household waste items can be found on the next page.

What are the charges?

- £4 per tyre or part tyre
- £4 per rubble bag or part bag of chargeable waste; or per item; or per sheet of plasterboard.
 - Rubble bags no bigger than 55cm x 85cm (can be bought from DIY stores)
 - Items such as a concrete fence post, ceramic bath, cistern, paving slab
 - Sheets of plasterboard no bigger than 120cm x 240cm
 - All materials must be in a rubble bag, loose loads will not be accepted
