

Clayton Avenue - Parking Changes

Changes proposed In this road:

1. It has been proposed to have a short section of No Waiting on both sides of the road, approximately half way down, to allow a passing space.
2. Additional restrictions have also been proposed in the Turning Circle at the end of the road to protect it - with a one hour time limit restriction between 12-1pm on the north side with No Waiting on the south side. This should cause minimum disruption to residents.
