

Hassocks Parish Council Parking Working Group – Stonepound Road

***UPDATE* July 2018**

We have listened to the feedback to the proposals for parking restrictions in Stonepound Road and have made the following changes to address concerns about insufficient parking spaces, the need to keep traffic speeds low and to enable vehicles to pass one another more easily:

1. Remove the double yellows outside Nos 55, 53, 51, 49 and 47 to allow parking and slow traffic and prevent Rat-Running.
2. Retain the restriction to include Nos 57 and 59 and the driveways of Nos 55 and 61 to create a passing place.
3. Create two new passing places to ease traffic flow and improve access to driveways –
 - a. Opposite No 36 and driveway to No 34.
 - b. Opposite No 50 and driveway to No 48.

As this is a change to the original scheme, there is a short period for any further responses. WSCC have a tight timescale for projects being carried out in the next financial year (2019/20), so please respond by the date shown below.

Responses can be sent by:

1. Email to info@hassocks-pc.gov.uk
2. Post to **Parish Centre, Adastra Park, Keymer Road, Hassocks BN6 8QH**

Closing Date is Friday 17th August 2018
