**\*\*\*Notes and exclusions to heat pump quotation\*\*\***

- This quotation is subject to a final site survey to carry out heat loss as this has just been checked by plans so far.
- Heat pump base: this is required for siting the heat pump and to avoid water vapour collecting/freezing on the ground. Please let us know if you wish to instruct your own builder to build a base as per attached specification.

**Why choose Sussex Solar?**

We are a family-owned business, operating since 2005, and we are one of the most experienced MCS-accredited companies in our industry. We are known for our high standards of workmanship, technical expertise and excellent customer service, with much of our work coming from customer recommendations. Every member of our staff is directly employed and trained by us and we do not use subcontractors to carry out any part of our installations.
