

**HASSOCKS PARISH COUNCIL**

**To:** Grounds & Environment Committee

**Date:** 25<sup>th</sup> June 2026

**Contacts for this report:** Deputy Clerk

**Subject:** Agenda Item 11.4 – Orchard Lane improvement works

---

Members are asked to consider the following works:

1. Suitable drainage sections cut away in the ground and undergrowth of the hedges etc at the end of the "Policemen" so that the water is channelled and can flow away easily.

Whenever there is rainfall, water quickly builds up against these raised sections creating puddles, which impede and or prevent access for pedestrians / cyclists

1

2

- 2 There is a small kerb at the edge of the lane which impedes walking frames/buggies from getting onto the pathway. Complete works to create a cut away section to allow access into the park.
